WORKING PAPER
Central Intelligence Agency
National Foreign Assessment Center
Office of Imagery Analysis

ECONOMIC RESOURCES DIVISION

Significant Substantive Items, Week of 3 December 1979

1. [] provided [] OER additional photos of inland border crossings into Iran. Tom has also prepared tasking for periodic collection on the inland border crossings and will coordinate this with OER. []

25X1

2. [] of ORD visited ERD on 6 December to discuss current and future research projects utilizing computer simulation models and photography. The purpose of the meeting was to discuss the photo analysis resources available and ways that these models would be useful in ERD analysis. Several of the research projects, including refinery and gold assessments, will involve ERD participation. (S)
